SPAWN TRAINING

- State-of-the-art research lab for spawn production in Bhopal,
- Dedicated to advancing mushroom cultivation through innovative
- Inviting researchers, farmers, and enthusiasts to join in the pursuit of a prosperous future

Welcome to our state-of-the-art research lab for spawn production, nestled in the heart of central India's vibrant city, Bhopal. Our laboratory is dedicated to advancing the field of spawn production, a crucial aspect of mushroom cultivation. Equipped with cutting-edge technology and staffed by a team of skilled and passionate researchers, we strive to revolutionize the mushroom industry through innovative techniques and sustainable practices. From cultivating high-quality spawn to optimizing production processes, our lab is committed to contributing to the agricultural sector and promoting environmentally friendly solutions. We invite researchers, farmers, and enthusiasts alike to join us on this exciting journey as we work towards a more sustainable and prosperous future for mushroom cultivation.

Why Choose us ?

- 01 Small Batch Sizes and Personalized Attention
- 02 Hands-On Training Experience
- 03 Extensive Industry Experience
